

Skunk Spray Remedies

There are a number of remedies that work for removing skunk smell from a dog, but it is important to remember that the very best remedy is DON'T GET SPRAYED! Here is a home-brewed recipe that works the best and can be placed in a small kit and placed in the truck for field use:

Mix:

- 1 Quart of Hydrogen Peroxide
- 1/4 Cup Baking Soda
- 1 Teaspoon Liquid Soap

While the mixture is bubbling, wash your dog. Rinse with tap water.

NOTE: NEVER store this mixture in a closed container!!

In addition, here are a few other ideas that work:

- Vinegar Bath
- Tomato Juice Bath
- A Rag Soaked in Vanilla Extract
- Fels Naptha Laundry Soap
- Massengil Douche Powder
